

How to activate the eSIM in your smartphone

Before starting to enjoy the use of the eSIM, you need to activate it in your Smartphone by using a QR activation code (provided by Orange Spain) and an alternative Internet connection (Wifi or cellular).

Which Smartphones models are compliant with Orange Spain network?

- Apple iPhones XS, XS MAX y XR with IOS 12.1.1 or upper
- Google Pixel 3

Activation process for iPhones

1. Go to Settings
2. Tap either Cellular or Mobile Data
3. Tap Add Cellular Plan
4. Scan the QR with the camera
5. Enter PIN provided together with the QR

Note: If you were already using another plan in your physical SIM, remember to set the default plan you prefer for calls and data.
